## **Terms and Conditions**

As part of the Strategic Action Plan for the Welsh Red Meat Industry, Hybu Cig Cymru – Meat Promotion Wales (HCC) is committed to funding scholars who can demonstrate a desire to improve their own farming businesses and knowledge through travel to another part of the world where the farming practices of that country can be applied to the Welsh industry.

Travel to a chosen destination, as approved by the HCC Livestock Scholarship selection panel, must take place before 31 March 2018. All expenses claims must also be made by this date. The bursary will cover up to six weeks travel.

### **Aims of the Scholarship**

- Increase individual's knowledge of chosen subject area.
- Disseminate information on key areas where improvements could be made that will benefit the Welsh red meat industry.

### **HCC will provide**

- Up to £3000 to assist with travel and accommodation costs. Major expenses such as flights can be paid for directly by HCC (within the funding limit) but smaller costs such as accommodation and internal transfers (by road, rail or air) must be claimed for retrospectively. Receipts will be required. Funding is only provided for travel and subsistence, costs such as mobile phone charges will not be paid.
- A support network and access to useful contacts via the HCC Scholarship Association.
- Support and advice while preparing a report.
- Assistance in setting up discussion group meetings for disseminating your findings. HCC is also able to provide support in preparing a presentation and loan of equipment to deliver meetings if required.

### **The Scholar will provide**

- Full travel insurance for the duration of the trip.
- All travel arrangements and planning of meetings will be the responsibility of the Scholar.
- A written summary and video diary, a blog or written report suitable for publishing on the HCC website. This can include video clips and pictures to illustrate the findings.
- Presentation of findings to HCC staff and HCC Scholarship Association. You may also be invited to speak at the HCC Annual Conference.
- Presentation of findings to at least five farmer groups/ discussion groups across Wales.
